Minutes of May 11, 2022 Regular Meeting

-The issue of sewage at Lori's Diner on Pealertown Road was the center of a lengthy discussion. Joshua Billings of J Billings Development Consulting, LLC was in attendance to ask Supervisors for a conditional approval to use present septic which would entail limiting number of patrons able to be served daily. Billings explained this is just the "planning module" and a "resolution for plan revision for new land development. Attorney Lewis was in attendance and suggested the Supervisors make a motion to approve the filing contingent on approval by Powlus, Sewage Enforcement Officer. S. Masich made motion to pass resolution 2202-08 and module, seconded by J. Beishline. Motion carried. Attorney Lewis stated that since this is considered "new land development" Township should require an approval letter from Columbia County Planning Commission since there is no zoning in FCT.

-COG inspector Steve Bielskie, attended meeting by phone and stated that the diner must be ADA compliant before he can issue permits. Prints for necessary improvements must be submitted to Bielskie by architect.

-Also addressed was the barn which is on the property and will be an antique venue. Rest rooms in restaurant will not be available to shoppers at the barn. A port-a-potty cannot be used at the barn for long term, and barn must be ADA compliant if shoppers enter barn.
